

MEMORANDUM FOR: Deputy Director for Intelligence

FROM: Executive Assistant to the DDCI

Bob,

The DCI has misdirected the questions in this memo. John would appreciate you answering the one on the relationship between Tom's work and what this group does. It would also be helpful if you would note that this group really shouldn't get into the Bross Committee recommendations, etc. The group has been advised that you will be doing this.

MEMORANDUM FOR: Chairman, Camouflage, Concealment and Deception Technical
Review Group

FROM: Director of Central Intelligence

Thanks for your response to my request for concise information about what the group is doing, how well it is doing, and how it might do better. I'd like to know what this group did from 1977 through 1981. I'd also like your reaction to the recommendations for handling deception made by the Bross Committee. Also, how does your work relate to the DDI work on deception which is being headed up by [REDACTED] I need to have your thoughts on this promptly because I am considering putting all of this activity together under an NIO as recommended by the Bross Committee. 25X1
